'Wine Wedding' to celebrate the release of Handpicked Wines spring/summer collection

Handpicked Wines is celebrating the release of its spring/summer collection by hosting a first-of-its-kind ladies event - a Wine Wedding - from 2-5pm on Saturday 28 November at a secret rooftop venue in Sydney.

Guests are asked to frock up à la wedding and spend an afternoon tasting the new-release wines at a romantic rooftop venue which will be transformed into a reception-style experience, complete with flowers, wedding cakes and a gourmet cheese buffet.

Among the wines available for tasting, the star attraction is Handpicked's first ever Rosé, itself an unlikely but deliciously successful marriage of Pinot Noir and Marsanne. Others in the party stepping out for the first time include the second vintage of Handpicked's award-winning Pinot Noir wines from Tasmania, Mornington Peninsula, Yarra Valley and Central Otago, and new-release Riesling and Chardonnay wines.

The official ceremony of the day will be a master class with Handpicked winemaker Peter Dillon. Peter will lead a tasting of the new-release wines and explain how a beautiful relationship between Pinot Noir juice and Marsanne skins produced a Rosé that is dry and savoury with gorgeous fruit and exciting texture.

Handpicked Wines has partnered with The Fabulous Ladies' Wine Society to bring its trademark feminine flair and sense of fun to this female-friendly wine event.

"When Handpicked approached us with the idea of hosting a romantic summer rooftop wine event for women we knew straight away that this was something we wanted to be involved in," said The Fabulous Ladies' Wine Society founder Jane Thomson. *"We already love their wines and their sense of fun, so it's a perfect fit for us. This event will have all the things you love about a good wedding, without the boring speeches or best man pranks. And of course, it will have the most important thing of all - seriously good wine."*

The Handpicked Wine Wedding will be the first ever event held on the secret rooftop terrace at Golden Age Cinema, Handpicked Wine's long-term partner in matters cinematic, cultural and cool.

As evidenced by a string of recent accolades, Handpicked Wines continues to realise its vision of making high-quality, serious wines in the world's best wine regions, while enjoying a quirky twist in its approach to marketing and sales.
